INDEPENDENT AUDITOR'S REPORT

To the Members of

AMAR VANIJYA LTD.

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of **AMAR VANIJYA LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss for the year then ended, Cash flow Statement and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and their **LOSS** and the cash flows for the year ended on that date.

Basis of Opinion

We conducted our audit in accordance with the Standards on specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. Our responsibility under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identified and assessed the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtained an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluated the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Concluded on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, we conclude that material uncertainty does not exist. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluated the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicated with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

As required by section 143(3) of the Act, we report that:

- a) In our opinion, proper books of account as required by law relating to preparation of the aforesaid financial statements have been kept so far as it appears from our examination of those books;
- b) The Balance Sheet, Statement of Profit and Loss and the Cash Flow Statement, dealt with by this Report are in agreement with the relevant books of account maintained for purpose of preparation of the financial statements;

The registered office of the company is situated at 105, Southex Plaza II, South Extn-II, New Delhi - 110049.

The Company is a Non-Banking Financial Company and is registered under section 45-IA of the Reserve Bank of India Act 1934. The company is carrying on the business of Investment in Shares & Securities and giving loans & advances.

The financial statements were authorised for issue in accordance with a resolution passed by the Board of Directors on 22nd July, 2020.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

The financial statements (Separate financial statements) have been prepared on accrual basis in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and the provisions of the Companies Act, 2013.

For all periods up to and including the year ended 31st March 2019, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (previous GAAP). These financial statements for the year ended 31st March 2020 are the first the Company has prepared in accordance with Ind AS. Refer to note 3 for an explanation of how the transition from previous GAAP to Ind AS has effected presentation of company's financial position, financial performance and cash flows.

The financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities which have been measured at fair value (refer accounting policy regarding financial instruments).

The financial statements are presented in Indian Rupees ("INR" or "₹").

2.2 Estimates and Judgements

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions effect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in Note 2.13. Accounting estimates could change from period to period. Actual results may differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the

①

period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

2.3 Property, Plant and Equipment

All items of property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

The cost of an item of property, plant and equipment comprises of its purchase price, any costs directly attributable to its acquisition and an initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which the company incurs when the item is acquired. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

On transition to Ind-AS, the company has elected to continue with the carrying value of all its property, plant and equipment recognised as at 1st April 2018 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Depreciation on property, plant and equipment is calculated using the written down value basis to allocate their cost, net of their residual values, over their estimated useful lives.

The useful lives have been determined based on the lives as specified by Schedule II to the Companies Act, 2013. The residual values are not more than 5% of the original cost of acquisition of the asset including the assets as on the date of transition. The asset' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset is included in the statement of profit and loss when the asset is derecognised.

2.4 Cash and Cash Equivalent

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits maturing within twelve months from the date of balance Sheet, which are subject to an insignificant risk of changes in value.

2.5 Financial Instruments

A. Financial Instruments -Initial recognition and measurement

Financial assets and financial liabilities are recognised in the company's statement of financial position when the company becomes a party to the contractual provisions of the instrument. The company determines the classification of its financial assets and liabilities at initial recognition. All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

B.1. *Financial assets – Subsequent measurement*

The Subsequent measurement of financial assets depends on their classification which is as follows:

- a. Financial assets at fair value through profit or loss
Financial assets at fair value through profit and loss include financial assets held for sale in the near term and those designated upon initial recognition at fair value through profit or loss.
- b. Financial assets measured at amortised cost
Loans and receivables are non derivative financial assets with fixed or determinable payments that are not quoted in an active market. Trade receivables do not carry any interest and are stated at their nominal value as reduced by appropriate allowance for estimated irrecoverable amounts based on the ageing of the receivables balance and historical experience. Additionally, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. Individual trade receivables are written off when management deems them not to be collectible.
- c. Financial assets at fair value through OCI
All equity investments, except investments in subsidiaries, joint ventures and associates, falling within the scope of Ind AS 109, are measured at fair value through Other Comprehensive Income (OCI). The company makes an irrevocable election on an instrument by instrument basis to present in other comprehensive income subsequent changes in the fair value. The classification is made on initial recognition and is irrevocable.

If the company decides to designate an equity instrument at fair value through OCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI.

B.2. *Financial assets – Derecognition*

The company derecognises a financial asset when the contractual rights to the cash flows from the assets expire or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset.

Upon derecognition of equity instruments designated at fair value through OCI, the associated fair value changes of that equity instrument is transferred from OCI to Retained Earnings.

C.1. *Financial liabilities – Subsequent measurement*

The Subsequent measurement of financial liabilities depends on their classification which is as follows:

- a. Financial liabilities at fair value through profit or loss
Financial liabilities at fair value through profit or loss include financial liabilities held for trading, if any.
- b. Financial liabilities measured at amortised cost
Interest bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate method (EIR). Amortised cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are integral part of the EIR. The EIR amortised is included in finance costs in the statement of profit and loss.

102

C.2. Financial liabilities –Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or expires.

D. Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount reported in the statement of financial position, if and only if, there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

E. Fair value measurement

The company measures certain financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the assets or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the company.

The company uses valuation technique that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

2.6 Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is received. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes, duties or other charges collected on behalf of the government/authorities.

The specific recognition criteria for the various types of the company's activities are described below:

Interest income

Interest income from loans, deposits, debtinstruments etc. is recognised using the effective interest rate method. The effective interest rate is that rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. While calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Other Income

Other Income is accounted for on accrual basis except, where the receipt of income is uncertain.

102

2.7 Employee benefits

Short Term employee benefits

Liabilities for salaries and other employee benefits that are expected to be settled within twelve months of rendering the service by the employees are classified as short term employee benefits. Such short term employee benefits are measured at the amounts expected to be paid when the liabilities are settled.

Post employment benefits

(a) Defined benefit plans

The liabilities recognised in the balance sheet in respect of defined benefit plans is the value of the defined benefit obligation related to gratuity at the end of the year.

The liabilities in respect of defined benefit plan related to gratuity is calculated on accrual basis at the end of every year and net changes in the liability is included in employee benefit expense in the statement of profit and loss. Liability for Gratuity is recognized on accrual basis at every year end but the requisite present valuation, using actuarial valuation techniques, of such amounts payable is not being done.

Payment related to defined benefit plan related to gratuity is included in employee benefit expenses in the statement of profit & loss.

2.8 Taxes

Current Tax

The current tax expense for the period is determined as the amount of tax payable in respect of taxable income for the period, based on the applicable income tax rates.

Current tax relating to items recognised in other comprehensive income or equity is recognised in other comprehensive income or equity, respectively.

Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences and, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, the carry forward of unused tax credits and unused tax losses can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted at the reporting date.

Deferred tax relating to items recognised in other comprehensive income or equity is recognised in other comprehensive income or equity, respectively.

M

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities.

2.9 Provisions, Contingent Liabilities and Contingent Assets

A provision is recognised when the company has present determined obligations as a result of past events an outflow of resources embodying economic benefits will be required to settle the obligations. Provisions are recognised at the best estimate of the expenditure required to settle the present obligation at the balance sheet date.

If the effect of the time value of money is material, provisions are discounted using a current pre tax rate that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

A Contingent liability is not recognised but disclosed in the notes to the accounts, unless the probability of an outflow of resources is remote.

A contingent asset is generally neither recognised nor disclosed.

2.10 Earnings per share

The Basic earnings per share (EPS) is calculated by dividing the net profit or loss for the year attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating Diluted earnings per share, the net profit or loss for the year attributable to the equity shareholders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

2.11 Impairment of assets

The company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss.

702

2.12 Critical accounting estimates

Property, plant and equipment

Property, plant and equipment represent a considerable proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of company's assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

Recoverability of Loans/Advances and provision for the same

Judgements are required in assessing the recoverability of overdue Loans/Advances and determining whether a provision against those Loans/Advances is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

3 First time adoption of Ind AS

These separate financial statements of Amar Vanijya Limited for the year ended March, 31, 2020 have been prepared in accordance with Ind AS. For the purposes of transition to Ind AS, the Company has followed the guidance prescribed in Ind AS 101 - First Time adoption of Indian Accounting Standard,

The transition to Ind AS has resulted in changes in the presentation of the financial statements, disclosures in the notes there to and accounting policies and principles. The accounting policies set out in Note 2 have been applied in preparing the separate financial statements for the year ended 31st March, 2020 and the comparative information. An explanation of how the transition from previous GAAP to Ind AS has effected the Company's Balance Sheet, Statement of Profit and Loss is explained in Note 3.2. Exemptions on first time adoption of Ind AS availed in accordance with Ind AS 101 have been set out in Note 3.1.

3.1 Exemptions availed on first time adoption

Ind-AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has accordingly applied the following exemptions.

(a) Estimates

Ind AS 101 provides that an entity's estimates as per Ind AS 8 "Accounting Policies, Changes in Accounting Estimates and Errors" at the date of transition shall be consistent with the estimates made for same date in accordance with previous GAAP, unless there is objective evidence that those estimates were in error.

Accordingly, the company has made Ind AS estimates as at the transition date i.e. 1st April 2018 which are consistent with estimates made by it under the previous GAAP for the same date. The company made estimates for following items in accordance with Ind AS at the date of transition since these were not required under previous GAAP :

- i) Investment in equity instruments valued at Fair Value through OCI.
- ii) Investment in Preference Shares (Redeemable) valued at Amortised Cost.
- iii) Impairment of financial assets based on expected credit loss model

(b) Deemed Cost

Ind AS 101 provides an option under Ind AS 16 "Property, Plant and Equipment" to continue with the carrying value of all its property, plant and equipment as recognised in financial statements as on transition date, measured as per the previous GAAP and use that as its deemed cost after making necessary adjustments for de-commissioning liabilities instead of measuring at fair value on the transition date.

The company has elected to measure all of its property, plant and equipments as on the transition date at their previous GAAP carrying value.

(c) Investment in subsidiaries and associates

Ind AS 101 provides an option under Ind AS 27 "Separate Financial Statements", to continue with the previous GAAP carrying amount in respect of an entity's investment in subsidiaries and associates in the entity's separate financial statements.

The company does not have investments in subsidiaries and an associates .

3.2 Reconciliations between previous GAAP and Ind AS

The following reconciliations provide the effect of transition to Ind AS from previous GAAP in accordance with Ind AS 101:

- a) Equity as at 1st April, 2018 and as at 31st March, 2019
- b) Net Profit for the year ended 31st March, 2019.

c) There are no material adjustments to the statements of cash flows as reported under the previous GAAP.

d) Notes to first time adoption

Note 1 : Change in Fair valuation of Financial Instruments

Under the previous GAAP, investments in equity instruments were classified as long term investments based on the intended holding period and realisation. Long-term investments were carried at cost less provision for other than temporary decline in the value of such investments. Under Ind AS, these investments are required to be measured at fair value at each reporting period.

Fair value changes with respect to investments in equity instrument are designated at fair value through OCI have been recognised in Equity Investment Reserve as at the date of transition and subsequently in other comprehensive income for the year ended 31st March 2019. This increased other reserve by ₹ 249.59 Laacs as at 31st March, 2019 (1st April, 2018 ₹ 229.73 Laacs)

Consequent to the above, the total equity as at 31st March, 2019 increased by ₹ 249.59 Laacs (1st April, 2018 ₹ 229.73 Laacs) and total comprehensive income for the year ended 31st March 2019 increased by ₹ 0.97 Laacs.

Note 2 : Deferred Tax Adjustments

Tax adjustments relating to above adjustments are recognised and adjusted in retained earnings on the date of transition. Deferred tax adjustments relating to the year ended 31st March, 2019 have been adjusted in the statement of profit and loss for the said year.
