MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDUSTRY STRUCTURE AND DEVELOPMENTS:

The global economy remains remarkably resilient with growth holding steady as inflation returns to target. The Journey has been eventful, starting with supply chain disruptions in the aftermath of the pandemic, a Russian initiated war on Ukraine that triggered a global energy and food crises, and a considerable surge in inflation, followed by a globally synchronized monetary policy tightening.

NBFCs have emerged as the crucial source of finance for a large segment of the population including, SMEs and economically unserved and underserved people. They have managed to cater to the diverse needs of the borrowers in the fastest and most efficient manner, considering their vast geographical scope, understanding of the various financial requirements of the people and extremely fast turnaround times. Non-bank money lenders have played an important role in the financial inclusion process by supporting the growth of million of MSMEs and independently employing people.

The last few years have seen a transformation in the Indian Financial services landscape. The increasing penetration of neo-banking, digital authentication, rise of UPI and mobile phone usage as well as mobile internet has resulted in the modularization of financial services particularly credit.

OPPORTUNITIES

Unmet Demand: There is often a considerable unmet demand for credit in rural areas due to the limited presence of traditional banks. NBFCs can fill this gap by offering customized loan products tailored to the needs of MSMEs in these regions.

THREATS:

Economic Downturns: Economic downturns pose a significant threat to NBFCs that cater to corporates. During periods of economic slowdown, business often experience reduced cash flow and revenue, which can severely impact their ability to repay loans. This leads to higher default rates, affecting the financial health of NBFCs. Additionally, certain sectors are more vulnerable to market fluctuations, resulting in inconsistent repayment patterns and increased credit risk for lenders.

Regulatory Changes: Regulatory changes present another critical threat to NBFCs. Amar Vanijya Limited**

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of
the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of **AMAR VANIJYA LIMITED** (“the Company”) as of March 31, 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

=====

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
